6. The Minutes of the TEC meeting dated 08-08-2020 was published on the official website of BMSICL and the Claims/objections were invited vide notice no.4079, dated 19-08-2020, within 72 hours. The notice was published on the website of BMSICL as well as emailed to all concerned bidders.

7. The claims and objections received in the light of that notice were considered in today's meeting and it was found that:-

- (i) The claims of the bidders who have submitted the tender fee and requisite EMD after the lapse of stipulated time cannot be considered for technical evaluation and accordingly their bids are disqualified.
- (ii) The claims of the bidders showing ignorance of the corrigendum regarding EMD value can also not be considered for technical evaluation for want of requisite EMD and accordingly their bids are disqualified.
- (iii) The claims of the bidders, whose manufacturing units are situated out of Bihar, cannot be considered for exemption from submission of EMD and tender fee, whereas the state units can avail of the benefits of New Industrial Policy, 2016 as amended in 2020.
- (iv) The claims of the bidders who have submitted the sealed envelope of hard copy of price bid also along with the hard copy of Tender fee and EMD and technical bid seem to be justified as per clause 3 (note iii) of the bid document which reads as follows: -

“The technical evaluation shall be done only on the basis of documents/ papers submitted by the bidder on www.eproc.bihar.gov.in”

Clause 14 (a) of the bid document also says that technical evaluation of the bid will be done on the basis of criteria and documents mentioned in S.N. 3 (Technical BID-COVER A) in the Mandatory Documents link present in the web portal of the www.eproc.bihar.gov.in.

As a matter of fact, the foot note (ii) of clause 3 of the bid document requires that Hard copy of tender documents uploaded shall be submitted along with the tender fee and EMD but this provision also clarifies that the submission of hard copy of uploaded tender document submitted does not substitute/ modify the provisions of e-tendering system.

The fact of the matter is that the hard copy of price bid has been submitted by the bidder in a sealed envelope which has not been opened and as such the disclosure of price is not done. Moreover the price bids uploaded on e-proc Bihar portal cannot be edited or modified at any stage of Bid evaluation. As such the submission of hard copy of price bid does not at all affect materially

the evaluation process. And above all the provisions of clause 2 (a) do not form the criteria for technical evaluation.

Hence, the bids of such bidders qualify for technical evaluation in the light of the facts mentioned above.

Accordingly, as per the observations as mentioned above and after comparison of the claims and objections from the bidders in the light of that notice and close examination of the documents submitted by the bidding firms the status of bidders qualified/disqualified for the stage of technical evaluation of bids was recorded as following: -
