

OFFICE MEMORANDUM

**Subject: Clarification regarding Technical Specification of PPE Kit and N-95 Mask.**

**Ref: Tender No. BMSIC/MEDICAL DEVICES/CONSUMABLES/20-01**

\*\*\*\*\*

This is to clarify that: -

- 1) As a component of PPE Kit, Nitrile Gloves of different sizes are required. Hence in the specifications the sizes have been mentioned as follows: -
  - i) 6.5 (Small Sized)
  - ii) 7 (Medium Sized)
  - iii) 7.5 (Large Sized)
  - It is hereby clarified that each unit pack of PPE Kit needs to contain only one pair of Nitrile Gloves of required size along with the other components as mentioned in Corrigendum- IV.
  - The required size of the Nitrile Gloves among the above-mentioned sizes will be mentioned in each purchase order with respect to the ordered quantity.
- 2) As a component of PPE Kit, single N-95 mask, having individual printed poly packing ( Should also have BMSICL label) along with the other components as mentioned in Corrigendum- IV needs to be included in each PPE Kit pack.
- 3) For NIT SI No. 2- N-95 Mask with Expiratory Valve, the packing will be as mentioned in Corrigendum IV:
- 4) All other terms and conditions along with the tender schedule shall remain unchanged.
