Regarding Blacklisting of the firm Aculife Healthcare Pvt. Ltd. by OSMCL, the Honorable Orissa High Court Order no. WP(C) 15723/2018 dated 03.09.2018 requires clarification. Hence the TEC in its last meeting dated 11.02.19 recommended for seeking legal opinion before taking the final decision on the issue of technical qualification otherwise the firm was found technically qualified for all quoted products except NIT S1 no.1.

It was also recommended in that TEC meeting to carry out the factory inspection of those above mentioned firms which are technically qualified as well as of those whose technical qualification status depended upon factory inspection.

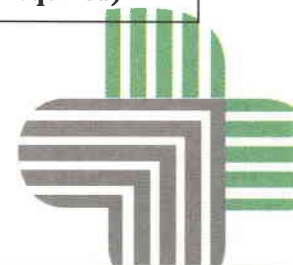

8. In accordance with the decision taken by the committee in its last meeting dated 11.02.2019, the factory inspection was conducted by the team of Drug Inspectors deputed for this purpose except the firms those have already been inspected during last one year.

Accordingly, the factory inspection reports and the legal opinion regarding Blacklisting of the firm Aculife Healthcare Pvt. Ltd. by OSMCL and the Honorable Orissa High Court Order no. WP(C) 15723/2018 dated 03.09.2018 that, "there is no legal bar nor the company is blacklisted in view of the order dt. 03.09.2018 passed by the Honorable High Court of Orissa" were placed before the committee in today's meeting. After perusal of which, the drug wise technical evaluation finding in the TEC meeting dated 26.03.19 were recorded as follows:

9. As per the factory inspection reports submitted by the team of Drug inspectors, valid pollution clearance certificate was not available with M/s Shamsree Lifesciences Limited, M/s Haseeb Pharmaceuticals Pvt. Ltd., Pharma Impex Laboratories Pvt. Ltd & M/s Scott Edil Advance Research Laboratories and Education Limited. Hence the TEC recommended to ask for the clarification from the above said bidders and if the satisfactory reply is not received by BMSICL from the concerned bidders within 10 days of issue of this official communication, then the final decision will be taken in accordance with the report submitted by the team of Drug Inspectors.

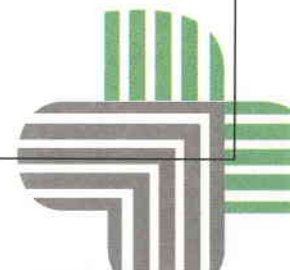

10. As per the factory inspection report of M/s Haseeb Pharmaceuticals Pvt. Ltd., it has been observed that the license was issued by the concerned licensing authority on 13th April 1999 and was valid upto 31st December 2017, then the firm has submitted the retention fee in December 2017 but FDA Maharashtra issued a valid certificate from 31.07.2018 to 30.07.2023. Hence there is a gap between 01.01.2018 to 30.07.2018 for a period of seven months. Hence by considering the remarks of the inspection team the TEC in its meeting dated 26.03.2019 recommended to ask for the clarification from the bidder M/s Haseeb Pharmaceuticals Pvt. Ltd. regarding the continuity of the validity of manufacturing license of the firm and if the satisfactory reply is not received by BMSICL from the bidder within 10 days of issue of this official communication, then the final decision will be taken in accordance with the report submitted by the team of Drug Inspectors.

11. Accordingly, clarification was asked from the concerned firms. After comparison of the objection raised by the team of drug inspectors during factory inspection and clarification given by the respective firms, the concerned **bidder wise technical evaluation findings** were recorded in Table 1.

Table 1

S. N	Name of the firm	Objection raised by the Team of Drug Inspectors during factory inspection	Clarification given by the firm	Remarks of the TEC
1	M/s Haseeb Pharmaceuticals Pvt. Ltd	1) license was issued by the concerned licensing authority on 13 th April 1999 and was valid upto 31 st December 2017 then firm has submitted the retention fee in December 2017 but FDA Maharashtra issued a valid certificate from 31.07.2018 to 30.07.2023, hence there is a gap between 01.01.18 to 30.07.18.	1) Regarding renewal of licenses, I would like to inform you that M/s Haseeb pharmaceuticals since its inception till date has been following Drug & Cosmetic Act 1940 under the rule 1945 verbaton. The application for renewal has been duly submitted the competent authority before the date of expiry (Context: Retention Fee vide serial no 7087480. Dated 12.12.2017). The same has been confirmed by the Joint Inspector of Nagpur. This is known that after deposition of Retention Fees, the license is renewed automatically for the next 5 Years after Expiry Date. Due to typing error, a different date has been published on my renewal application which shall be rectified and sent to BMSICL at the earliest. Respected Sir, Kindly look into and examine my application personally. My M.L. No. and emergent dates are same on my application as on my original Manufacturing License. Kindly Acknowledge that in case of Non-Renewal, the license is automatically cancelled. If this happens, a new license has to be procured who's No. and Emergent dates are different and it further complicates the conditions for product approval. However, in my rental form, the same manufacturing No ND/44 and emergent date 13.04.1999 are marked which justifies my stand that a different date is the result of a mere typing error for which punishing M/s Haseeb	The TEC recommended: 1) To invite the technical opinion from State Drug Controller regarding the continuity of its Manufacturing License for the said period i.e., 01.01.18 to 30.07.18 before taking the final decision in this regard.

	Limited		kind perusal. Further submitted that we are successfully serving the to institutions since many decades without any fail and we rightly possess all the permission required for manufacturing of indent products. A fair reference could be drawn from the very fact that if we don't possess any pollution clearances, the manufacturing premises wouldn't be operative till today. Pertinent to mention out here that it is highly impractical and vague to ask for any pollution permission/certificates since it was never any requisite/ condition as per NIT document. Therefore, we request you to drop the same and treat our tender application very much legitimate & complete. We wish to plead further that the same has been wrongly reported by the Drug Inspector owing to some illegitimate expectations which were not entertained by us, hence this victimization.	taking the final decision in this regard.
4	Shamshree Lifesciences Limited	Pollution control clearance certificate was valid upto 31.03.2018.	We have already deposited application for renewal of Pollution Control Certificate along with requisite fee of Rs. 3 lacs. Copy of acknowledgement and receipt of payment of fee are attached. We shall submit final certificate as soon as we receive the same.	The TEC recommended: To invite the legal opinion regarding the validity of pollution control clearance certificate before taking the final decision in this regard.

12. After uploading the minutes of the TEC meeting dated 26.03.19 on the website of BMSICL a mail communication was received from Akhilesh Shahu, Executive- Institutional Business, Otsuka Pharmaceutical India Pvt. Ltd. regarding the technical qualification status of M/s. Aculife Healthcare Pvt. Ltd. The **Claim/ Objection disposal status have been recorded in Table 2.**

Table 2

S.N.	Name of the Claimant/ Objector	Date and time of receipt of Claim/ Objection	Details of the Claim/ Objection	Supporting documents if any by the claimant	Disposal of the Claim/ Objection
1	Akhilesh Shahu- Executive- Institutional Business (Received vide mail from the mail ID: Akhilesh.shahu@otsukapharma.in	10 th May 2019 at 2:31 PM	M/s Aculife Healthcare Pvt. Ltd. is rejected by Kerala Medical Services Corporation Ltd. as the firm is debarred by Odisha State Medical Corporation Ltd.	Yes (75 pages)	The firm is technically qualified based upon the received legal opinion. The raised Claim/ Objection is found not tenable hence disposed.

13. The TEC in its last meeting dated 17.05.2019 recommended to invite the legal opinion regarding the validity of pollution control clearance certificate for the firm M/s Scott Edil Advance Research Laboratories and Education Limited & M/s Shamsree Lifesciences Limited before taking the final decision in this regard.

Accordingly, the legal opinion has been sought and in accordance with the legal advice, the TEC in its today's meeting unanimously recommended to technically disqualify both the above said firms i.e., M/s Scott Edil Advance Research Laboratories and Education Limited & M/s Shamsree Lifesciences Limited for their all quoted products.

14. The TEC in its last meeting dated 17.05.2019 recommended to invite the technical opinion from State Drug Controller regarding the continuity of the Manufacturing License of M/s Haseeb Pharmaceuticals Pvt. Ltd for the period i.e., 01.01.18 to 30.07.18 vide letter no. 1094 dated 06.06.2019 before taking the final decision in this regard but the reply from the office of State Drug Controller is still awaited. The onus of continuity of manufacturing license lies with the bidder.

Hence the TEC in its today's meeting unanimously recommended to provide the last opportunity to M/s Haseeb Pharmaceuticals Pvt. Ltd. to justify the continuity of the validity of its manufacturing license for the said period i.e., 01.01.18 to 30.07.18 by providing the approval letter issued from their concerned licensing authority only and if the satisfactory reply is not received by BMSICL from the bidder within 7 days of issue of the official communication then the firm will be technically disqualified for all quoted items.

15. The meeting was thus concluded with a vote of thanks.
