## Corrigendum-I

Bihar Medical Services and Infrastructure Corporation Limited (BMSICL) had invited E-Bids from the interested parties for the procurement, rate contract and the supply of medical equipment for different Govt. Institutions of Bihar vide Notice Inviting Re-tender No.- BMSICL/2023-24/ME-324. During and after Pre-bid meeting various suggestions were received from different prospective bidders regarding amendment in technical specification of equipment which were discussed and deliberated on by the experts, who after due deliberation recommended certain amendments in the technical specification of the equipment, which are annexed as Annexure-I of this corrigendum. Rest of the terms & conditions of the NIT & Corrigendum-I shall remain unchanged:-

Tender Reference No.	BMSICL/2023-24/ME-324
Last date and time of submission of online bids	30 <sup>th</sup> October 2023 till 17:00 Hrs.
Last date and time of submission of original documents of EMD, Tender Fee and Document	31st October 2023 till 14:00 Hrs.
Date, Time and Place of opening of Technical Bid	31 <sup>st</sup> October 2023 (at 15:00 Hrs.) on the website of https:/eproc2.bihar.gov.in in the office of BMSICL
Date and time of opening of financial Bids	To be announced later on https:/eproc2.bihar.gov.in

Note:-

- 1. Bidders are advised to refer to the Annexure-I of this corrigendum before submission of bid.
- 2. Those who have submitted their bids are requested to re-submit their bids in accordance with this corrigendum.

Annexed:- as above

**Sd/-GM** (Procurement) **BMSICL** 

	Annexure-I	
	Name of Equipment - HOT AIR	OVEN
SI. No	Technical Specification as per tender	Final Amendment
1	Double walled Construction	No Change
2	Outer is made of Mild Steel duly pre-treated with rust proofing and finished with durable powder coated paint.	No Change
3	Should have minimum chamber size of (LXBXH) 450x450x600 mm with 3 shelves.	No Change
4	Inner Chamber fabricated with ribs to adjust shelves to convenient height.	No Change
5	Inner Chamber has 3 removable shelves	No Change
6	Gaps between the walls filled with special grade glass wool/any other material.	No Change
7	Insulated doors fitted with heavy hinges with a ball catcher spring-loaded door closing device.	No Change
8	Motorized air-circulating fan installed for uniform air circulation	No Change
9	Temperature Range: above ambient temp to 250° C	No Change
10	Temperature Control Microprocessor based digital temperature controller with built-in timer to set the sterilization cycle and LED/LCD display	No Change
11	Temperature Accuracy: +/- 1°C	No Change
12	Front Panel On/Off Switches with heating and main indicator lamps temperature controllers with LED display.	No Change
13	Air ventilation ports provided on both sides	No Change
14	Power Supply: 230 V AC single phase, 50Hz supply with power cord and plug.	No Change
15	European CE (issued by notified body)/US (FDA)/BIS approved model should be offered.	European CE (issued by notified body)/US (FDA)/BIS/ ISO 13485 (NABCB Accredited) approved.
	Name of Equipment - Incuba	
SI. No	Technical Specification as per tender	Final Amendment
1	The temperature should be controlled by the microprocessor based digital temperature controller with LED/LCD display along with provision for manual thermometer recording.	No Change
2	Inner chamber capacity: Minimum 100 L or above	No Change
3	Temperature range : ambient to 75degree C. $\pm$ 10%	No Change
4	Interior chamber : Stainless steel for easy cleaning and decontamination, rust free.	No Change
5	Digital display of temperature and time.	No Change
6	Timer: 1 minute to 100 hours and hold position.	No Change
7	Heating and natural convection for homogenous temperature distribution.	No Change
8	Temp. Accuracy +/-1 degree C.	No Change
	Inner chamber should have transparent, glass/ fiber door	-
9	for the observation.	No Change
9 10		No Change

Name of Equipment - Water Bath       St.     Technical Specification as per tender     Final Amendment       No     The temperature should be controlled by the microprocessor based digital temperature controller with LED/LCD display along with provision for manual thermometer recording.     No Change       Button to set nominal value in 0.1degree C. Temperature range 5degree C above ambient room temperature to 100degree C, External WxDxH approx. 500250x300m. (± 10%)     No Change       3     Bath (inner chamber) capacity app 20 liters, temp accuracy -/+0.1degree C.     No Change       4     The inner chamber) capacity app 20 liters, temp accuracy -/+0.1degree C.     No Change       5     body of the equipment should be made up of material which is rust free from both inside & outside. The inner body of the equipment should be made up of stainless steel and the outer body of the equipment should have a powder coated paint finish.     No Change       6     Leak proof drainage system to clean the inner chamber.     No Change       7     Should have a double walls should be packed with thick glass wool.     No Change       9     aproved model should be offered.     No Change       1     LED (EA)/EBIS aproved model should be controlled by the microprocessor based digital temperature controller with LED display along with provision for manual thermometer recording.     No Change       9     Inner chamber 2 (Subic fe	12	European CE (issued by notified body)/US (FDA)/BIS approved model should be offered.
