ANNEXURE-I
TENDER NO. -BMSIC/2016-17/ME-045

S.N.	PARTICIPATING BIDDER QUERY	BMSIC TENDER CLAUSE	Amendments
1	<p>Please provide clarity on currently running Govt. CT machines at Bhagalpur and Gaya Medical Colleges. Amendment Request from Philips and GHPL</p>	<p>NIT Table, Pg.1 List of Medical College Hospitals & Equipment required</p>	<p>Not Applicable</p>
2	<p>Kindly attach the specifications as per the last tender and give a choice of 16 slice CT scans in the bid format. It is imperative to attach the specifications to avoid any issues and fights between the medical college administration and the PPP bidder/ service provider later. Amendment Request from Veritas Movere Healthcare Services Pvt. LTD.</p>	<p>Section -I NIT Sr. No. 2 pg.4. The equipment to be installed in the centers shall be brand new USFDA/ EU-CE certified model.</p>	<p>The current tender was floated on the basis of deliverables as provided in the Tender document. Hence no need to provide any technical specification of the machines to be installed but machine must be brand new USFDA/ EU-CE certified model.</p>
3	<p>For a particular location, preference should be given to the bidder who bids for both CT & MRI services. It would not be viable to run MRI only at any of these hospitals; both CT & MRI together makes more economic sense. 1. Both the modalities with one operator ensure operational efficiencies and hence viability. 2. The hospital will have to provide only one joint space which would be smaller as compared to the case where two different operators run CT & MRI. For final selection, The bidder who bids for both MRI & CT can be asked to match the highest rental (CT only) quote for CT. Amendment Request from Philips/ GHPL</p>	<p>Pg. 4 Clause 4 Interested service providers can bid for any number of Medical Colleges & Hospitals from the given list.</p>	<p>Interested service providers can bid for any number of Medical Colleges & Hospitals from the given list, to provide both CT Scan and MRI Machine services.</p>
4	<p>Is the EMD per machine or for any no. of machines? Request the Authority to specify a single EMD of INR 25 lakhs for any no. of the locations applied for. Amendment Request from Veritas Movere Healthcare Services Pvt. LTD. We request you to amend the EMD amount for MRI Scanner as INR 5,00,000/- (Five Lakhs only) and for CT Scanner as 2,50,000/- (Two Lakhs and Fifty Thousand only) per Medical College. Also, please specify a single EMD of INR 25,00,000/- (Twenty Five Lakhs only) for any no. of the location applied for. Amendment Request from Spandan Request the authority to reduce to 5 Lac in case of MRI and 2.5 Lac in case of CT Scan per Medical College. Also for qualitative request the authority to specify a single EMD of INR 25 Lakhs for any no. of the locations applied for. Amendment Request from Sciemed and GE.</p>	<p>Section -I NIT- EMD sr. no. 4, Pg.4. Interested service providers should submit bid along with EMD in the form of Bank Draft issued by a schedule bank / Bank Guarantee (as per Annexure VIII) INR Fifteen (15) Lac in case of MRI and INR Ten (10) Lac in case of CT scan, per Medical College.</p>	<p>EMD amount for MRI Scanner as INR 10,00,000/- (Ten Lakhs only) and for CT Scanner as 5,00,000/- (Five Lakhs only) per Medical College.</p>

<p>5</p> <p>While it is good to ask for services coverage for the equipment to be installed, it leaves a lot of grey areas and vendors may push their low end machines. A low end machine might perform all the required applications but speed and quality of certain tests would always be an issue.</p> <p>In a PPP, quality of scans can only be ascertained by defining certain minimum specification for the machines.</p> <p>We request to define some minimum specifications for CT & MRI so that there is a fair competition of all advance and high end machines of all the vendors in a particular category.</p> <p>Please note that the project tenure is of 10 years hence the equipment should be advance and high capacity so that it does not get obsolete and can handle higher number of patients in coming years.</p> <p>Amendment Request from Philips</p>	<p>Pg. 10</p> <p>Clause 7 B List of CT & MRI services</p> <p>The service provider shall be responsible for providing Diagnostics report as per the list provided below and the Equipment installed by the service provider must be suitable to perform the same.</p>	<p>The tender will be on the basis of deliverables as provided in the Tender document. Hence no need to provide any capacity of the machines to be installed. Remarks against point no. 2 as mentioned above may be referred.</p>
<p>6</p> <p>As mentioned in tender, the service provider need to maintain its own channel of internet based teleradiology reporting system with Legal Standards. So, the necessity of Radiologist per center should be optional.</p> <p>Amendment Request from Spandan</p> <ul style="list-style-type: none"> • As per tender, the service provider shall maintain its own channel of Internet based teleradiology reporting system with Legal Norms. • Hence, Radiologist requirement per center should be optional. • One Radiation safety officer should be allowed to maintain 5 Medical Colleges Moreover, only One Radiation Safety Officer to be permitted to maintain all Medical Colleges <p>Request from GE Healthcare and Sciemed Healthcare.</p> <p>1. It is understood that a full time Radiologist may not be required at all the locations as Tele-radiology is allowed by the authority. Please specify this to clear the confusion.</p> <p>2. A single Radiation Safety Officer can take care of all the centres. Hence please make necessary amendments in the tender.</p> <p>Amendment Request from Philips and GHPL</p>	<p>Point No. 7f, Pg. 12, The details of Minimum number of staff to be posted at the radiological center for MRI and or CT Scan center are as follows:</p> <ul style="list-style-type: none"> • Radiologist- Minimum 1. Qualification – MCI recognized MD (Radiology)/DNB (Radiology)/DMRD. <p>Radiation Safety Officer – 1 for CT scan Centre. (As per AERB guidelines).</p>	<p>Presence of radiologists in the centre would facilitate delivery of reports particularly in situations when there is a disruption of internet connectivity. Service of radiologist and radiation safety officer to be provided as per AERB guidelines.</p>
